A.J. Boggs & Company Announces Staff Addition

East Lansing, Mich. —

A.J. Boggs & Company, an East Lansing-based internet technology company, announces the staff addition of Joseph Dickson as a Senior Network Administrator. With additional federal and state contracts and the rapid growth of their e-commerce divisions, IXN and Netto, A.J. Boggs' continues their commitment to expanding IT opportunities in the Greater Lansing area.

Dickson brings more than 12 years of experience in systems, network, database, storage, software design and programming. He has served as a programmer, network administrator, software systems engineer, systems architect and developer in the Lansing and Ann Arbor areas.

A.J. Boggs & Company (A.J. Boggs) is a management consulting and systems integration firm headquartered in East Lansing, Michigan, with offices in Ann Arbor and Grand Rapids. Boggs expertise includes project management, eCommerce, business process analysis, computer security, systems administration, IT staffing, software development, Internet hosting (www.ixn.com), and creating successful systems that leverage object technology, database management, search engine technology, training, and Internet applications.
